CAPABILITY STATEMENT

Facility MRO Supply & Equipment Rentals

UEI KWF3RB39L1X5 · CAGE 26KJ8

CORPORATE OVERVIEW

ASACHS5 LLC is a Coral Springs, Florida small business that supplies facility maintenance, repair, and operations (MRO) products and coordinates equipment rentals for federal facilities. We support DoD installations, VA facilities, and other federal operations in South Florida. Each requirement gets one accountable point of contact who verifies specifications, confirms availability and lead times, coordinates suppliers and delivery, and follows through to receipt.

CORE COMPETENCIES

Facility MRO Supply. Maintenance, repair, and replacement parts; electrical, plumbing, and HVAC-related components; safety and janitorial supplies.

Pumps, Filtration & Water Treatment. Pumps, motors, filtration, heaters, controls, and water-treatment chemicals, supplied with safety data sheets.

Equipment Rental Coordination. Generators, lifts, and compressors sourced through rental providers, subject to availability and terms.

Specification & Sourcing Verification. Model and spec checks, supplier quotations, manufacturer documentation, and warranty information before order. Alternates offered only where the solicitation permits.

Delivery & Supplier Coordination. Freight scheduling, delivery coordination, and qualified subcontractor support for installation or repair as applicable.

RELEVANT LEADERSHIP EXPERIENCE

ASACHS5 LLC federal past performance is being established. The experience below is the owner's prior private-sector work. It is not company or federal past performance.

Owner & Operator, Residential Pool Construction and Renovation

South Florida · Private sector (residential) · Approx. 5 years

- Sourced pumps, motors, filtration, heaters, sanitation, and finish materials from multiple suppliers.
- Coordinated suppliers, deliveries, and subcontracted trades through project completion.
- Single point of contact for scheduling, issue resolution, and follow-up.

DIFFERENTIATORS

One accountable contact. The owner handles each order from requirement review through delivery confirmation and follow-up.

Verified before quoted. Specifications, model numbers, availability, and lead times are confirmed with the supplier before pricing is submitted.

Hands-on product knowledge. Five years sourcing pumps, motors, filtration, heaters, and water-treatment products in South Florida.

Early notice on changes. Buyers hear about availability or schedule changes as soon as we do, with workable options.
